

Grand Jury Fails to Solve Mer Rouge Murder Mystery

FAIL TO RETURN INDICTMENTS IN TORTURE DEATHS

WEEPING GALE DEALS DEATH

STATE MAY MOVE

Further Effort to Get Action Against Hooded Slayers May be Made.

[BY ASSOCIATED PRESS.]

Des Moines, Ia.—The Morehouse, parish grand jury, which began its sessions here March 5 and heard more than 125 witnesses in connection with the masked band activities in the parish during last summer, which had as their climax the kidnapping of Watt Daniel and T. P. Richard, whose bodies, the state charged, were found in a rice four months later, submitted its report to Judge Fred M. Odom late Thursday, stating its failure to find indictments on account of insufficient evidence.

After stating that it had "carefully considered" all the evidence brought before this grand jury as to the activities of masked and hooded men, the report added:

"The majority of this body are of the opinion that the evidence provided was not sufficient to warrant the finding of true bills against any particular party."

Judge Odom dismissed the jury without commenting on its report.

Two previous grand juries had been called in connection with the outbreak of masked band depredations, but neither of those returned true bills.

The report of the investigators Thursday caused little surprise here, as it has been forecast by many of Des Moines' citizens.

Capt. J. K. Skilworth, exalted cyclops of the Morehouse Klan, declared he was pleased with the verdict.

"The state has done its duty and I hope it is satisfied and will let the matter rest," he said.

STATE MAY MOVE FOR ANOTHER GRAND JURY

[BY ASSOCIATED PRESS.]

New Orleans.—The state may move to obtain a new grand jury in Morehouse parish and through it make a second attempt to obtain indictments on murder charges of those it believes responsible for the death of Watt Daniel and T. P. Richard on August 24, according to T. Semmes (Klanney), assistant attorney general, here Friday.

IRISH SABOTAGE PLANS REVEALED

Campaign of Shooting and Destruction of Homes Bared in Raid.

[BY ASSOCIATED PRESS.]

Dublin.—A document found in a raid on this city on March 7 reveals startling plans for the destruction of residences and a campaign of shooting on sight.

"To meet the desperate and barbarous methods being adopted by the enemy to destroy the government, the Irish republicans in Ireland and the senior officials employed by the same, such as editors, sub-editors and leader writers in cases where it is known that these officials are hostile."

Among those mentioned as liable to be shot on sight are members of the Irish State parliament, army officers of all ranks, judges, legal advisors and the proprietors and directors of the press, and the Irish republicans in Ireland and the senior officials employed by the same, such as editors, sub-editors and leader writers in cases where it is known that these officials are hostile.

DEATH TAKES EX-QUEEN OF MONTENEGRO

[ASSOCIATED PRESS.]

Antibes, France.—Former Queen Milena of Montenegro died at 1:20 a. m. Friday.

The end came one hour after her daughter, Queen Alexandra, who had left Antibes for Rome by special train. When the royal carriage reached Genoa, Queen Milena, who had hastened to her mother's bedside Wednesday received a message announcing the death.

Milena, who was 76, had been suffering for some time from arteriosclerosis and chronic nephritis.

FUND FOR BIG HILL PARK IS VOTED DOWN

[BY ASSOCIATED PRESS.]

Madison.—The state legislature has appropriated \$150,000 for the purchase of Big Hill, on the Rock river between Beloit and Janesville, to be used for a state park, was killed by the senate Friday without a roll call.

If you looked up the sheer, bare wall of a cliff, to the summit of a mountain where you knew no man had tread, at least for a life-time, and saw the vision of a young girl wandering near the brink, would you believe in ghosts? And then if you knew it again and it looked more ghastly, would you listen to all the tales of the ignorant and see no flesh and blood, but be sure there is a worth up there? Sheridan did and you he did not. I read the story of Ghost Mountain, the most attractive scenic for a long time in the Gazette.

Executive Wants to Get Views of People; Talks to be Other Than Political.

By DAVID LAWRENCE.

Minim Hech, Min., President Harding will go out to meet the people of the United States, within a month or two after he returns to Washington from his vacation trip in Florida.

The president is not merely reciprocating from the effects of his winter battles with congress but he is building up a reserve strength for one of the most strenuous tours he ever will have.

Mr. Harding will journey across the continent, not alone to emphasize and reiterate the fundamental principles of administration policy and answer the critics of his first two years of his presidency, but to get the views of the people to get the views of the people to get the views of the people.

It is true the 1924 campaign is already on the horizon but Mr. Harding believes in the idea of conferring with the people of the country. He will use the opportunity to interview representatives of agricultural, manufacturing and laboring interests to get at first hand their viewpoints on public questions.

STORES GAY WITH SPRING RAIMENT

Unveiling of Windows Presents Sure Cure for Winter Blues.

The weather man certainly went to extremes in setting provided for the unveiling of Janesville's spring bedecked store windows, Thursday night. But rain and snow overhead, water and slush underfoot, were not sufficient to keep those pedestrians, who ventured out from lingering here and there to scan the entrancing displays of film, gowns and blouses, gay millinery and beautiful carpets and house furnishings, arranged by different stores.

Some of the windows present a perfect riot of color, while others feature different tones of the same color. Comfort as well as beauty will continue to predominate in the attire of the fair sex if the window showings are any criterion of prevailing styles for spring and summer.

The window displays are but a small part of the beauty that may be envisioned by those who enter any of the stores to look over the spring stocks.

One forgets that winter has insisted on remaining in a disagreeable manner, for the promise of the sure coming of spring, to be read in the windows and interior displays of spring merchandise, is wonderfully reassuring.

A sight-seeing tour of the city's stores will prove a sure cure for the winter blues, so despite the unfavorable weather conditions Janesville's annual spring opening is proving an event of unusual interest and attraction.

Prizes for Stories of the Daily Gazette

There is still a mystery about a newspaper and its making.

Since the day when the ignorant public in Mayenz believed the devil had something to do with Dr. Faustus and his movable types, there has lingered an idea that the making of a printed paper was just a little uncanny. The very idea that in the morning a roll of newspaper could be a vehicle of entertainment, the purveyor of news, the messenger of good or evil tidings a few hours later, was hard to understand.

The Gazette has filmed the story of its making in a moving picture of its every operation. There are 1200 feet of film telling this story. It goes into detail and in orderly sequence tells how the white paper comes from the warehouse to the plant on Milwaukee and Bluff streets, how and where and by whom the copy for the paper is made in the editorial rooms, how the intricate machines set the type, how the type is placed into frames or forms and afterward rolled into a matrix which is cast in a cylinder and placed on the press.

Then you see the wheels going round on this great piece of machinery capable of making 20,000 24-page papers all complete in an hour, in operation.

Here too are the newsboys and carriers—the future merchants and business men of the city—lined up ready for the papers. There also are the trucks waiting to carry the printed papers to the post office, the trains, and to a half dozen routes through the country where eager carriers wait the arrival of the paper for distribution in 25 towns.

The building, the offices and all the departments are shown in the film story of the Gazette.

The first showing of this film will be at the Myers theater on March 26, then on the 27th and 28th. It will be a sharp contrast with the other picture to be shown on that date, "A Front Page Story," the first real newspaper story filmed in a long time. In that office shown in the film romance is old and archaic machinery. The editor is in a feud with the mayor and the story is of how the end came with differences patched up. Romance too, glides along with "A Front Page Story." After you have seen this great picture of five reels will come the Gazette movie and many things, even though you have visited the office, which have escaped you, will be presented to your eye.

For instance do you know that all but a few of the lines of large type in the ads and on the front page are made by machinery, cast fresh every day or whenever a line is needed?

You will see this machine at work.

Now then here is an opportunity for the boys and girls and the older folks too to get in on a contest.

The Gazette will give three prizes for the best story of the paper from any angle.

There is a first prize of \$5, a second of \$3 and a third of \$2 for the best story.

For the other thirty best stories Charles Boutin of the Myers theater will give a ticket to the Myers.

Here are the rules of the contest:

Stories not over 300 words nor less than 150.

Manuscript must be in the Gazette office by NOON ON FRIDAY, MARCH 23. No manuscript will be considered after that time.

Write plainly on one side of the paper. If it is not written that way the manuscript will not be considered. Use type writer wherever possible. Make the story to the point, tell about the Gazette, how you look at it as a newspaper, criticism even is invited. But make it a story. Remember the Gazette has been published for over 77 years in this community and many people have had the Gazette in the home since the days of their grandfathers. Justice Burr Jones says it was a part of the family life in his father's family since he was a small boy in Union township. Go ahead now and write a story of the Gazette—any incident or anything you think will win a prize.

Better get to work now.

Woman Acquitted of Petit Murder

[BY ASSOCIATED PRESS.]

Minneapolis, N. Y.—With a smile on her face, Mrs. Mary Elizabeth Wells walked out of the court room early Friday, a free woman. Just before midnight she was acquitted of the murder of Capt. James M. Pettit, with whom she lived at Massapequa, N. Y., which he kept. The jury was out about five hours.

Mrs. Wells, acquitted, followed closely two convictions of women charged with having murdered men with whom they had been intimate. In each case, the trial jury was chosen because of a professed inability to judge with their heads, rather than with their hearts, testimony against women charged with murder.

Predecessors Convicted.

Her two predecessors, Mrs. Lillian Ralston and Mrs. Paulette Salvo, unlike Mrs. Wells, admitted having shot their alleged victims to death, and pleaded justification and mental instability. At all times Mrs. Wells maintained that she did not shoot Captain Pettit.

The basis of her defense was that she had no reason to punish Pettit. Her love for him was too great, she pleaded.

Miss Helen McCormick, one of Mrs. Wells' attorneys, told the jury the state had not established a motive against her client. The beatings, Captain Pettit had given her were cited. It was shown that he had taken all her savings, \$7,000 and squandered them, and frequently in

his delirium, threatened to kill her.

Denies Shooting Man

When this was in the record and Mrs. Wells had been asked point-blank "Did you kill Jim Pettit?" she answered: "I did not. Why should I? I loved Jim Pettit from the very first day I met him until the very day of his death. I love him yet. I wouldn't harm him for anything in all this world. I was the only friend he ever had who would stick by him when he was down and out."

Apparently as satisfied with the verdict as Mrs. Wells was the widow of the dead man, Mrs. Pettit, from whom she was separated. The widow had testified the day before the defense. She agreed Mrs. Wells was her husband's only friend.

2 DOCTORS PAY \$5,000 IN MALPRACTICE SUIT

Trial of the \$5,000 malpractice suit of Mrs. Helen Krustzer, Beloit, against Drs. J. Clyde Smith, and T. F. Shannick, Beloit, as the result of the death of her husband, Aloysius, following an operation for tonsilectomy, was settled Friday morning before testimony was continued, with the physicians agreeing to pay \$5,000 to the plaintiff.

Under the agreement, the case is settled with each side paying its own costs. Judge George Grimm dismissed the jury after a short speech. Ten men and two women composed the jury which was saved from attending to a case in which, in a case involving many technical points, the court had prepared a special verdict, upon request of the plaintiff, setting forth 32 questions for the jury to answer.

But two witnesses had testified for the defendants when court was adjourned, Thursday night, and it was evident the case would probably continue through Saturday. The time for court opening found the attorneys in conference and a settlement was reached promptly.

Unusual Case, Says Grimm

Judge Grimm, in discharging the jury, said the fundamental question for the jury to have decided was whether the defendants, in what they did or failed to do as the average physician and surgeon in good standing, mindful of the present state of medical art, surgical science, would ordinarily do in that community under the same circumstances.

"We have been engaged in taking testimony in this case approximately three days, and it has developed that an extraordinary and very unusual situation exists; that this case is based upon a state of facts that probably does not occur once in many years," said the court. "It is unusual."

CITY BURIED BY THIRD SNOW STORM

Highway Conditions Worst in Years — Floods Are Feared.

Just getting its breath and beginning to dig its way out of the leavings of two heavy snow storms, Janesville, buried under three additional inches of snow, Thursday night, in the third storm of the week. A total of 24 1/2 inches has fallen since Monday night.

Accompanied by a strong, shifting wind, Thursday's storm made conditions on rural roads worse than at any previous time this week. Country mail delivery is practically impossible. Bus lines have suspended. Highways are closed under a six feet. Milk deliveries to the city are delayed.

The Davis Junction run of the St. Paul railway was halted, Friday morning, when snow plows found the rails north of Beloit. A wrecking crew from the Gateway city was endeavoring at noon to right it.

Seek 2 in Death of Artist Model

[BY ASSOCIATED PRESS.]

New York.—"A big fellow" and his secretary were sought Friday in connection with the mysterious death of Dorothy King, an artist's model, in her apartment on West Fifty-seventh street. Elevator operators said that two men known to them as "the big fellow" and his secretary, visited her the night before her death. Miss King, who is described as one of the city's most beautiful girls, was found dead in her bed by a maid. An empty chloroform bottle was found near the body. The police believe Miss King was murdered but admit she may have committed suicide. Some of her jewelry was missing.

Albert Guimaraes of Boston, who admits he was a friend of Miss King and that he was acquainted with several men mentioned in connection with the robbery of Mrs. C. P. H. Schockkopf of Buffalo at a New Year's party, was arrested today on a charge of carrying weapons without a permit. The police say they found an automatic pistol and a round of cartridges in his valise at his hotel.

Attendants at the building where Miss King lived failed, however, to identify him as the "big fellow" or his secretary. Guimaraes, who has a vandyke beard and wore a fur overcoat when arrested, said he had known Miss King for months and had known her many girls. He said he visited her Wednesday night but left early.

Poilu Killed by Sabotage; Six Injured

[BY ASSOCIATED PRESS.]

Chicagoland.—One French soldier was killed and three soldiers and three French railroad men were injured when a French troop train was wrecked near Treves, in the Rhineland, Friday, as the result of sabotage.

Another case of violence was the blowing up by dynamite of the railroad bridge over the Kalkum river, between Duisburg and Duesseldorf. Near Coblenz, three miles of telephone and telegraph cable, which included 14 important military wires, were cut and destroyed. A bomb was thrown at the railway station at Wieden, but only slight damage was done.

OPEN TRIAL OF \$2,300 SUIT ON HOLSTEIN SALE

Trial of the suit of J. Craig, Crown Point, Ind., against John L. Fisher, Janesville, dairyman and attorney, opened in the Rock county circuit court, Friday afternoon, with the drawing of a jury at 2 o'clock. The case involves settlement for the sale of \$5 head of Holsteins entered into, Feb. 11, 1920.

Craig seeks to recover \$2,300.00 which he claims is due as a balance on the total price of \$7,000. The defendant maintains that a complete settlement was made May 28, 1920, and that under a contract between the parties it was agreed that if tuberculosis was found in any of the herd, the sale price was to be deducted from the total amount. Four animals, Mr. Fisher maintains, reacted to the tuberculosis test under an examination made by a federal veterinarian after delivery.

\$100 Loss Caused in Noon Blaze

Loss of \$100 or more was caused by a fire in a clothing closet at the C. J. Griffin home, 627 Pleasant street, at 12:30 p. m. Friday. Many articles of clothing were destroyed. A chimney fire at the home of William Glass, 217 Court street, called out the department at 6:30 p. m. Thursday.

SCORES BELIEVED KILLED IN SOUTH BY WINTRY STORM

EIGHT PERISH, 50 HURT IN MISSISSIPPI WILLAGES.

PATH IS DOUBLE

Southern Section Most Destructive; 25 Blown Into River; Relief Is Rushed.

BULETIN.

Memphis, Tenn.—Eight persons were killed and 50 or more injured in a storm which wrecked the village of Savage, Tate county, Mississippi, late Thursday and swept through sections of Panola and Quitman counties, according to word received Friday from the storm swept area.

[BY ASSOCIATED PRESS.]

Chicago.—The northeastward march of the two storms from the southern Rocky mountain region, brought relief to the upper Mississippi valley but destruction to the lower Mississippi valley today.

The storm that centered over New Mexico Thursday, on its eastward sweep, was marked by death and destruction as it crossed northern Mississippi last night. At Lambert, Miss., four negroes were reported killed. Virtually the entire town of Savage, Miss., was reported destroyed where 25 persons were blown into the Coldwater river. Some were still unaccounted for Friday.

Damage Is Unknown

Other towns in the vicinity were without power and communication. The damage in that section had not been checked up early today.

Relief parties were making for the stricken area.

The storm in the upper portion of the valley left Kansas, Nebraska, Iowa and Illinois and Missouri partially covered by snow. In some portions of these states it was reported a depth of more than one foot. Eighteen inches of snow fell in Omaha, extending along the traffic and transportation. Through out the area telephone wires were dragged down and poles snapped.

More Snow Predicted

In Iowa county, Kansas, the snow was said to be two feet deep while in Kansas and Scott City, Kansas, reported 12 to 16 inches respectively. Snow, accompanied by rain, will fall for a short time in Chicago Friday and more was predicted by the weather bureau.

SHERIFF TELLS OF FINDING PAPERS IN RAID ON RADICALS

[BY ASSOCIATED PRESS.]

St. Joseph, Mich.—With Sheriff George Bridgeman of Berrien county still on the stand, the trial of William Z. Foster, charged with criminal syndicalism entered the last day of its first week Friday, with taking of evidence well under way.

The regulars referred to Thursday by Assistant Attorney General O. I. Smith in his opening statement, show the state maintains, the delegates themselves recognized the illegal status of their activities and took elaborate precautions against discovery.

Besides the rules of this committee, there was a compilation of new rules to enforce them. The state, according to another document introduced by the state, had each sleeping room and its occupant numbered, saw that those turned over their incriminating papers and went to bed at the prescribed time.

Tells of Raids

The state finished the direct examination of Sheriff George Bridgeman, the first witness Friday morning, and the cross examination was taken up by Frank P. Walsh.

The sheriff described the raid on the communist convention and the finding of two barrels of papers, documents, filing envelopes, typewriters, duplicating machines and other supplies and paraphernalia which had been buried on the convention ground.

VAN RYN'S FIGURES GIVEN CONTRACTOR

Cullen Must File Statement in 10 Days if Rejecting Proposal.

At its third meeting within a week, the board of directors of the Van Ryn contracting company, Thursday night, decided to hand the architect's figures for final payment, to the general contractors, J. P. Cullen and Son, for any action the latter will take. There is a difference of some \$11,000 in the claim of Mr. Cullen for final payment, and in the figures worked out by the architects, Van Ryn and DeGelleke, Milwaukee, the former's being \$86,000, the latter's practically \$75,000.

If Mr. Cullen agrees to the architect's figures, the latter will make out a final certificate, and payment will be made. If he dissents, he must, within ten days, make out a written statement to the board. When the board meets, it was to meet again on call of the president, doubtless within the coming ten days.

Little discussion of the penalty that may be exacted from the contractor for default in completing the work was made at the Thursday night session, although it had been the main topic of the session the night before. Little can be heard from.

Returns Swamp Taylor's Office

Five o'clock Thursday night, March 15, was the deadline for filing state tax returns at the office of P. A. Taylor, assessor of incomes, and it was indicated by the stacks of mail brought to the office that there would be a grand rush of taxpayers to get under the wire and avoid a double tax penalty.

The largest amount of mail of the season was received Thursday morning, estimated at more than 2,000 returns, and the mail from the day before had not been opened, so busy was the force been with visitors seeking information and assistance.

It was indicated that those mailing blanks Thursday, and received the following day at the office, would not be subjected to a penalty.

SNOW DELAYS SHIPMENT OF CLOSED BODIES

Production of closed bodies for Chevrolets at the Fisher Body company plant here is being delayed by the storm with the carload of unfinished bodies expected here for the past week now at Chicago. Railroad officials have been unable to give A. J. Brandt, plant manager, any definite word as to when the freight will arrive at Janesville.

Everything is in readiness to start the bodies through the ovens when the freight arrives. Because of the nine coats of paint which are applied it takes a car 15 days before completion.

Edward Fisher, vice president and director of the Fisher Body corporation and in charge of assembly plants and J. C. Harris, treasurer, were visitors in Janesville this week.

EGG PRICES DROP DESPITE STORM

Market Tumbles Rather Than Advances—Butter Figures Unchanged.

Contrary to expectations, egg prices have not advanced because of the storm, when it was thought farmers would be unable to get into the city with their produce. On the contrary, prices have taken a tumble, and the requisite "hen-fruits" can now be obtained at various places in the city for as low as 25 cents, while there is the usual range in price all over town, and prices higher than 20 cents will be paid in some stores. These are of course for strictly fresh. Butter prices have remained stationary, bringing all the way from 50 to 55 and 56 cents per pound.

The tie-up caused by the storm and its after-effects which are still evident, has resulted in a scarcity in local markets of those products that usually begin to come in from the south about this time. A shipment of strawberries was received about the middle of the week, and grocers are offering this fruit—still a luxury—for as low as 25 cents per pint. It is said to be good, and comes from Florida. Some pineapples newly received this week, are being sold for 25, 30 and 35 cents each and prove a delightful fruit for this time of year.

A person can hardly enter a grocery store and not hear about either celery or head lettuce, as grocers claim that never before have these two products been so good. Head lettuce—even "extra large"—is being sold in some places for as low as 8 cents per head, and celery, in some stalks of pure white, bring 25 cents.

Sweet potatoes are being displayed and seem to be unusually good. Some stores are offering them for four pounds for a quarter. Cranberries are selling for 12 and 15 cents and are at the

TRY TO OPEN UP EVANSVILLE ROAD

County Caterpillar Tractor
Bucks Drifts on Route
Ten.

Efforts were made Friday to break through on the Evansville road—route 10, with the county highway department force using a powerful tractor and grader. Attempts to use the road trucks to break through the drifts and beat down an opening proved futile, according to Commissioner Moore.

The caterpillar tractor was used Friday afternoon to open up about three miles on the Beloit road south of Janesville. By doubling back and forth the county road gang was able to scrape off enough snow to open a passage. It was slow work.

The shift was made to the Evansville road for there are 15 cars of cement in Evansville which must be unloaded and trucked to the stone place south of the city. Ten more cars are on the road.

"I have been advised that the roads are worse than ever," stated Commissioner Moore. "The snow falling the

last two days has been dry and light with the result it has drifted back into the cuts that had been opened up.

"While the snow on top of the roads is dry and can be moved, the wet snow of the first storm has frozen near the ground making it extremely difficult to move."

\$5 Increase Made in Annual Dues for Country Club

Additional revenue being found necessary for the Janesville Country club, the board of directors meeting this week raised the dues for men and women, players and non-players \$5 a year and decided that membership hereafter can be secured only through purchase of stock. Hereafter it has been optional with new members whether they purchased stock or paid an initiation fee. The latter is now abolished.

Men players will now pay \$40 a year and men non-players \$20. Women players will pay \$20 and women non-players \$12.50. Boys under 18 will pay \$10 and girls \$5.

R. Douglas Brooks, now professional, chosen at the annual meeting, is expected to come April 10 to

begin his duties. Mr. Brooks is married and is now living at Madison where he conducts a golf school.

Chairman of the various committees for the year are: D. W. Holmes, buildings and improvements; Ed. A. Wilcox, games; and Kenneth B. Jeffries, J. L. Wilcox, G. E. King, and R. A. Jacobs, greens committee. President Roy Wisner will appoint a general entertainment and house committee.

Reck Jacobs was appointed to confer with A. J. Brandt, of the Fisher body company, relative to installation of a ventilator in the main building, with power to act.

Hold Adverse Examination.—The adverse examination of Charles H. Jones, plaintiff in the action in the Rock county circuit court against Ralph Davis, will be held before Judge John B. Clark, in the Beloit municipal court, April 5.

Kiwanians Plan Second Egg Hunt in Park, Mar. 31

W. E. Clinton, is chairman of the committee having charge of arrangements for the second annual egg hunt under the auspices of the Kiwanis club. Others on the committee are: Oscar N. Nelson, Leo Atwood, Harold J. Dane, Frank Kennedy, Valentine Weber, and George Stabitzer.

There will be 75 eggs marked with a "K" among those which will be hidden in court house park, which will entitle the finder to \$1. Last year several thousand children participated in the egg hunt.

Weather permitting it will be held on Saturday, March 31, the day before Easter. If the weather is not good, it will be postponed to the following Saturday, Chairman Clinton said.

Big K. C. Rally Here, April 8th

Charles Cannon Dies on Coast

Mrs. A. C. Kent, of the La Vista flats, has received word from Los Angeles of the death of her nephew, Charles H. Cannon, in that city. Mr. Cannon was an old Janesville boy having been born and raised to neighborhood here. His father was one of the pioneer owners of the woolen mill, and also owned the block at the southeast corner of Jackson

and Milwaukee streets, known as Cannon's block.

Mr. Cannon moved to California in the 30's and became a large raiser of oranges. He spent several months here a year ago, with Mrs. Kent.

Besides his wife he leaves a mother and sister both living in Los Angeles.

JEFFERSON COUNTY

FORT ATKINSON

Fort Atkinson—Mrs. D. B. Clark, 78, died at the home of her granddaughter, Mrs. Jack Vance, Los Angeles, Wednesday. She was an old resident of this city and of the town of Hebron, having come here with her husband from Iowa about 20 years ago. On moving to Fort Atkinson from Hebron, where they owned a farm, they built a large house on South Third street, where they resided until Mr. Clark's death a few years ago. Since then, Mrs. Clark has resided here with the exception of visits to Los Angeles. She had come there for the winter. The body will be brought back here and burial will be in the family lot at Hebron.

Mrs. J. D. Brewer was taken to the City Hospital Wednesday where she underwent a serious operation. Her son, Mr. Clyde Brewer, Milwaukee, was in attendance. Her condition is favorable.

Mrs. W. H. Noyes, who has been suffering with rheumatism of the heart, was taken to the hospital Thursday.

The W. A. W. club met with Mr. and Mrs. Sidney Rose Wednesday afternoon.

E. H. Miles has been elected president of the Wisconsin School Board association.

Mrs. T. L. Valenius has returned to Evanston after a week's stay with her relatives.

P. W. Jones has returned from an extended trip through the south.

Miss Ruth Elenfang, Milwaukee, is visiting her brother, Floyd, this city.

The Gleasons' society of the Congregational church met in the church parlors Thursday afternoon with the following as hostesses: Mrs. William Bowers, Mrs. Carl Wandschneider and Mrs. William Westcott. The program consisted of Irish songs and readings and violin duets by Misses Miriam Dehmelmer and Lucile McKean, in Irish costumes.

TAKES 12 YEARS AND \$50,000 TO CONVICT "WOLF"

John W. Worthington.

John W. Worthington, known as the "Wolf of La Salle street," has just been sentenced in a Chicago court to two years in prison and fined \$1,000 on a charge of using the mails to defraud. The indictment on which he was found guilty was returned twelve years ago and it cost the government \$50,000 to convict him. He had escaped punishment on many other charges.

Eclipse of Sun Scheduled for St. Patrick's Day

While an annular eclipse of the sun is scheduled for Saturday, St. Patrick's day, it will not be visible in North America and astronomers in this country are directing their attention now to the total eclipse of the sun due, Sept. 16. This will be a notable event in that it is the first total eclipse of the sun since 1918 and the last until 1925 and will be visible throughout North America.

The path of total obscuration will be 165 miles wide and the central line will pass among the islands off the southern coast of California. California is the only state in which the total phase will be visible. The eclipse will be seen in Janesville from 2:22 p. m. to 4:24 p. m.

Preceding this sun eclipse will be a small partial eclipse of the moon, visible in the United States, the morning of Aug. 26.

BOB-SLEIGHS READY FOR FIRE ALARMS

Chief C. J. Murphy made preparations Thursday for traveling through the 21-inch snow to fire alarms, when he pressed two of the fire department's old bob-sleighs into service and equipped them with hand pumps, chemicals and other materials. The team used for the aerial ladder truck will be hitched to one of the bobs in case of emergency, while it is possible a team will be rented to draw the other. It is the first time in four years that the fire department has found it necessary to use bobs.

BANKRUPT COMPANY'S FIXTURES ARE SOLD

The fixtures of the bankrupt C. Ed. Moss Grocery company were sold at public auction, Thursday afternoon. V. I. Clark, trustee, reported the prices bid were far below expectations. Out of 25 articles about seven were sold and the rest of the bids will go to the referee for consideration as they were too low to be sold without his consent. E. B. Winslow was the heaviest buyer, taking \$24 worth of goods. Two typewriters were sold for \$35 a piece; a steel four drawer file, for \$18; four chairs at a total of \$2; and numerous small articles for lower prices. All bids were below the appraised value.

SOUTH CLINTON

South Clinton—Mrs. William Jacobson and daughter spent part of the week in Beloit. The Rev. J. Larson, Stoughton, will preach at the Bergen Lutheran church Sunday, March 18. Carl Knutson and Albert Gustafson are taking a course in a Chicago auto school.

VOICE OF THE PEOPLE

Editor Gazette:

Just a Mail Carrier's experience for a part of Tuesday on part of the proposed Trunk Highway No. 20. Wouldn't a tour of inspection over the original and the proposed Highway Tuesday been grand? I arrived at the Red Brick School corner and turned east; went as far as the P. S. Ryan farm where the trail ended in huge snow drifts, turned around in his yard and went west until I came to K. J. Bemis' "country home" where I was forced up against the fence under the Evergreen wind break.

Mr. Bemis was the gentleman that gave me the talks for the proposed change at one of the hearings. I did not even see his mail box because of the snow. Nor was it visible to the naked eye on Wednesday and as I do not possess an X-ray I passed it by. I made a sharp turn into Mr. Bemis' field to avoid the Silverthorn cut which was level full.

Got back into the road just west of the end and went along nicely until I reached the east line of the A. C. Larson farm where I again turned into the corn field where the mud was about 6 inches deep. Here a farmer who was just ahead of me told me I had better turn around and go back. I thought it quite a joke when anyone would tell me to turn around on a proposed highway, when there were four teams ahead of me breaking road and I had a good team I was driving. I thought they would give me the "fif" for not coming in my car.

After nearly fourteen years on this road I find this by far is not the first winter this occurrence happened. It is true that I live on the original highway 20 and I could have gone to Janesville to-day with my car, too.

REO IS ENGINEER; LEO, DETECTIVE; TELL 'EM APART

The Marden twins, Reo, on top, and Leo.

Two crooks walked up to Reo Marden, a railroad engineer, on a Los Angeles street the other day and surrendered themselves. Reo walked them to the police station and then turned them over to the right man—his twin brother, a detective. The twins look so much alike that mistakes furnish Los Angeles with many amusing incidents.

Oh, Doctor.

Fate plays queer pranks and many, many times it is a woman, beautiful or otherwise, through her own action or otherwise, that is the recipient of fate's favors or disfavor. Leo Stahl, alleged to be his wife, Katherine, in the apartment of a wealthy New York bachelor. A divorce decree will free him from all anxiety as to her whereabouts in the future. Mrs. Eva Strohm, twenty-three, is a \$100,000 prize beauty. But that couldn't hold her husband. So she divorced him. Sixteen-year-old Virginia Verrier, Irvington, N. J., started out to see the world, but was disillusioned when police located her at Lewiston, Pa. Harry S. Everett, Manila, importer, has depositions from the sweetheart of his wife, Mildred, confessing to her love, promising to pay for her divorce and then to marry her. A cold storage divorce, as it were. Out in Santa Monica

Arline Hendrickson, an eighteen-year-old bathing beauty, was found dead. Police are holding an alleged suitor as a witness. Broadway blinked the other day when Miss Olga Ralph said John H. Kirby, aged millionaire, for \$5,000, alleging it to be a bet for acting as his "companion." And in Chicago Elizabeth "Honey" Sullivan, bandit at 27, has just been sentenced to a year's imprisonment. And so it goes.

Picks Up Metal, Believed Meteor

[SPECIAL TO THE GAZETTE.]
Howe, Wis.—William Keller of this community has in his possession a small piece of metal, about the size of a hickorynut, which appears to be copper and gold, being brownish in appearance. Keller was walking on highway 41 and saw falling what he believed to be a meteor. He picked the metal from the falling of a meteor. It was red hot and he dropped it into the snow to cool.

CITY RATES HIGH IN DEPOSIT SURVEY

Only One of 14 Cities Gets More Interest on Municipal Funds.

Of 14 Wisconsin cities contained in a survey of municipal bank deposits made by C. M. Osborn, city manager of Kenosha, Janesville is one of four which are getting three per cent interest, or more on daily balances of city funds. The other 10 are getting from one and one-half to two and one-half per cent, although a few get as high as four per cent, but only on time deposits and not daily balances. Beloit is shown to be the only city getting more than Janesville on checking accounts, the rate being three and one-half per cent.

A copy of the survey was received from Manager Osborn by City Clerk J. J. Sertell and shows Kenosha to be in the class of cities getting only two per cent interest from the banks. The cities and their interest rates on checking accounts are:

- One and one-half per cent—Superior.
- Two per cent—Racine, Oshkosh, Green Bay, Wausau and Kenosha.
- Two and one-quarter per cent—Sheboygan.
- Two and one-half per cent—Madison, Fond du Lac, Eau Claire, La Crosse and Milwaukee.
- Three per cent—Janesville, Appleton and Manitowish.
- Three and one-half per cent—Beloit.

The various cities distribute their municipal funds among the banks as follows: Milwaukee, 20 depositories; Madison, Green Bay, 9; Superior, 8; Eau Claire, 6; Racine, 5; Oshkosh, Manitowish, Wausau, Janesville, Sheboygan and Kenosha, 4; Beloit, 3; Appleton and Fond du Lac, 1. On time deposits, some cities receive from two and one-half to four per cent interest. Janesville has no rate except on daily balances. In this city, the banks must furnish a bond of double the amount of money deposited while in several cities the banks are required to be bonded for an amount only equal or less. Beloit requires a bond of \$50,000; Oshkosh, \$200,000.

PRESIDENT PLANS BIG SWING AROUND STATES THIS YEAR

(Continued from page one) business. But congress has adjourned now, and Mrs. Harding has almost entirely recovered her health, so that the president can make plans for his important trip.

Phon Alaska Visit
Presidents, as a rule, have some other object than political campaigning when they venture forth on long speaking trips, and the ostensible reason for the Harding excursion will be long deferred journey to Alaska. Like Mr. Taft, the present incumbent believes in visiting all parts of the United States and its possessions, and were it not for the long ocean voyage, the president would like to include the Philippines and Hawaii. Just before he was inaugurated Mr. Harding went to Panama and he has on more than one occasion since wished he could visit Porto Rico and get first hand impressions of some of the problems encountered in administering territorial form of government.

Will Visit Wisconsin
In order to visit Alaska, where the federal government's interests have grown so complex in the last two years that Mr. Harding has had to in advance, Mr. Taft did likewise.

GETTING FIT FOR THE BIG FIGHT

Iron out friction between his own cabinet secretaries, the president will naturally leave from Seattle. He can, therefore, go out to the north-west through Wisconsin, Minnesota, the Dakotas, Montana and Washington, and return through Oregon, California, Nevada, Utah, Colorado, Kansas, Nebraska, Iowa and Missouri. The middle western states, such as Ohio, Indiana and Illinois, can be visited on either the outward journey or the return trip to Washington.

Speeches Are Prepared
As for New York and the New England states, the president can always accept some of the numerous invitations he is constantly getting from cities in that section and he need not take them all on one trip but can make frequent excursions out of Washington. Mr. Harding does not like to make extemporaneous speeches, though in the senate debate he frequently made them, but since his accession to the presidency he has always prepared public addresses. So did Mr. Roosevelt, though the in-

ter always sprinkled a few extemporaneous sentences in his speeches which often caused more comment than his prepared copy. Mr. Wilson rarely prepared speeches in advance, he even spoke extemporaneously in the formal sessions of the Paris peace conference. He liked the stimulus of his audience but Mr. Harding takes the view that presidential speeches are not intended as a rule for the few who can hear a chief executive's voice, but for the millions who read those speeches and base their criticism on printed words.

Non-Political Atmosphere
An advantage that President Harding will enjoy on his speaking tour will be the non-partisan character of the arrangements. As president he can afford to exclude republican mass meetings, which he would attend if he were to speak after the national party conventions have been held. Instead he now can accept invitations from chambers of commerce and other civic institutions and take on the

in Alaska, and the tour may be begun then. While Mr. Harding has no intention of calling a special session of congress in the immediate future, he may want to convene that body a month or so before the regular date in December, so as to get a flying start before the 1924 primary campaign begins to interfere with the legislative program. In that event the presidential tour would probably be finished before the middle of September.

CITY MANAGER PLAN QUESTIONNAIRE

Editor Gazette: Here is a question: When we elect our new council in April, if a majority of them should be made up of the present council, will there be any loop-hole whereby they could choose one of their own set for manager? If so, what will we gain by the change? It will only be a new name for an old ailment, instead of a major as now it will be a city manager with the probability of a big increase in salary.—R. C. R. C. seems to have answered his own question. On the one point a council might elect such a man as he indicates though the law is clear as to ability and efficiency and that might be a bar.

STEAM SHOVELS DEMOLISH WALLS

Paris — American steam shovels, left behind in France by the American army, are speeding up the work of demolishing the fortified walls of the old city to such an extent that it will probably be completed in five years instead of 25. It doubtless would have taken by pick and shovel.

"Hate Diary" Notes for Story, Says Woman Held in Murder

Mrs. Lucille Kavanagh.

Chicago — The state is depending on an alleged "Diary of Hate" to put a noose around the pretty neck of Mrs. Lucille Kavanagh and spring the trap which will cast her into eternity.

Mrs. Kavanagh, widow of P. J. Kavanagh, former treasurer of the National Athletic club, is young and very fair to look upon. Her eyes radiate an impression of childish wisdom. But police say they mirror an untrue expression of her soul, the soul, they say, of a cold, calculating murderer.

JANESVILLE BOYS, TO HAVE PLANS FOR A REAL SAIL BOAT

To those boys who wrote the Gazette asking for plans for a real sailboat we are pleased to say that they are going to have their request granted. The Gazette has arranged with the Associated Builders which organization publishes the Tool Craft, Fun Makers and other interesting things for boys and girls by Frank L. Soler and Mr. Soler is going to tool all about making a sailboat in a few weeks—just as soon as he can finish the drawings and get the plans out.

while the searchers combed the city Mrs. Kavanagh calmly strolled into criminal court and gave herself up. She told the authorities that the shooting of her husband was accidental, purely so, and that she was in no way responsible. Then police confronted her with the "Diary of Hate." And Mrs. Kavanagh, facing a murder charge, laughed, actually laughed. "Why, those are only the notes for a short story," she explained. "I don't know where in the world did you get the idea it was a diary? How absurd."

SMOKE USED BY ROBBERS

Smokes—The daring robbing of a hospital, carried out with the aid of stupefying fumes from a powder thrown into an open fireplace, occurred at Aversa, near here Thursday. Dr. Mastrolucione, proprietor of an eye clinic had summoned the whole hospital staff and the patients into one room for a demonstration when one of his servants suddenly threw powder into the fire and locked the door. Before anybody could break down the door, everyone in the room was overcome by the fumes, which contained a powerful narcotic. When consciousness returned to the victims, they found the premises rifled.
